Subject: Fwd: press query, Jewish Telegraphic Agency, jta.org

Hi Will,
Thanks for taking my call. Here's the email I sent last evening to Mayor McGovern.
I'm writing a news brief on deadline this morning for JTA.org, Jewish Telegraphic Agency, a clip of mine is below, just to confirm who I am.
I'm looking for a few things:
1. a comment from the mayor on the developments , that the resolution was not included on the agenda for the next meeting - Did this issue and the response to it take him by surprise. Whaat does hi anticipate going forward?
2. Did he hear from many constituent on both sides of the issue, how many, even approximate?
3. Information regarding the HP contract with the city - you said you think it's multiyear - when does it expire, How much is the contract for and what does it cover?
Thanks,
Penny

I'm a freelance journalist in Boston and write on Jewish subjects and the arts. I am the Boston area contributing writer for JTA.org - Jewish Telegraphic Agency. It's the global Jewish news service. I have been following the effort by Mass Against HP to have a resolution introduced in Cambridge.

I know that there is no item on the council's agenda for Monday 4/23.
I\'ll be filing a news report on Friday morning for JTA and wondering if you have a statement ..or if you have a comment on this development.
Or if you'd be available for a brief phone conversation Friday morning..

Thank you - here's a couple of clips of mine, just to confirm who I am..

Penny

It so happens I have an Israel related Cambridge (Harvard) story from a couple of weeks ago..
